### *School Details*

*Name: Gaelscoil Eiscir Riada*
*Address: Bóthar an Ghrifín*
*Leamhcán,*
*Co. Átha Cliath.*
*Phone number: 01 6210342*
*Category: Catholic, Urban*
*Enrolment numbers: 396*

### *Scope of Policy*

*This policy applies to all students, teachers, parents and other users of the school premises. It applies during school time (including breaks) and to all school related activities.*

### *Relationship to Schools Ethos*

*The substance use policy reflects the school ethos in that it will help towards the provision of a well-ordered, caring, happy and secure atmosphere where the intellectual, spiritual, physical, moral and cultural needs of the pupils are addressed. Also it will help to enhance the self-esteem of everyone in the school community and imbue in the pupils respect for people and property and encourage in them the idea of being responsible.*

### *Rationale*

*Following in-service in SPHE and the importance of this policy in the context of the SPHE course this Substance Use policy was drawn up.*
*It was developed in consultation with representatives of the Board of Management,*

tuismitheoirí.

- Cuireann an saol atá ann faoi láthair líon mór dúshlán i láthair mac léinn a bhfuil tionchar acu ar a sláinte agus ar a leas. Is cuid den réaltacht sin alcól, tobac agus as drugaí bheith lena n-ais. Is gá do na scoileanna féin machnamh a dhéanamh ar conas is féidir leo soláthar a dhéanamh do riachtanais a gcuid mic léinn agus conas freagairt go cuí do shaincheisteanna a d'fhéadfadh a bheith íogair corraitheach.
- Forálann an tAcht Oideachais 1998 go mba chóir do scoileanna forbairt shóisialta agus phearsanta mac léinn a chur chun cinn agus oideachas sláinte a chur ar fáil dóibh.
- Is beartas Rialtais anois an Straitéis Náisiúnta Drugaí 'Ag Tógáil ar an Taithí' agus cuireann sé ar scoileanna beartas um úsáid substaintí a chur i bhfeidhm.
- An Tionscadal Suirbhé Scoileanna Eorpacha um Alcól agus Drugaí eile, 1999 ar úsáid Alcóil agus Drugaí eile (ESPAD), dháibhsigh sí chomh tromchúiseach is a bhí an fhadhb i measc mic léinn sé bliana déag d'aois in Éirinn i gcomparáid leis na 29 tír ESPAD sa suirbhé. Maidir leis an daonra ina iomláine, tháinig ardú de 41% per capita ar chaitheamh alcóil sa tréimhse 1989 go 1999, fad a tharla laghdú nó ardú réasúnta beag sna Ballstáit eile san Aontas Eorpach. Tá Éire sa dara áit ón mbarr per capita san AE maidir le caitheamh alcóil.

*teaching staff and parents.*

- *The world in which we live presents young people with many challenges which affect their health and well-being. Exposure to alcohol, tobacco and drugs is part of this reality. Schools need to reflect upon how they might provide for the needs of their students and respond appropriately to what are sometimes sensitive and emotional issues.*
- *The Education Act 1998 provides that schools should promote the social and personal development of students and provide health education for them*
- *The National Drugs Strategy, 'Building on Experience' is now Government Policy and it requires schools to have a substance use policy in place.*
- *The 1999 European School Survey project on Alcohol and other Drugs (ESPAD) Report highlighted the seriousness of the problem naming sixteen year olds in Ireland, as compared to the other 29 ESPAD countries surveyed. For the population as a whole, alcohol consumption per capita in Ireland has increased by 41% in the period 1989 to 1999, while the other EU Member States showed either a decrease or a modest increase. Ireland now has the second highest per capita consumption of alcohol in the EU.*

*The policy content is divided into three sections;*

1. *Education concerning substance abuse*
2. *Management of alcohol, tobacco and drug-related incidents*
3. *Provision for training and staff development*

**1.Oideachas ag baint le úsáid Substaintí**

Glactar leis i measc oideachasóirí gurb é trí múineadh OSPS sa Churaclam scoile, a thugtar an thuiscint is fearr do dhaltaí faoi alcól, tobac agus drugaí.
Creidimid go bhfuil an tábhacht ag baint leis an gClár "Misneach" ag múineadh faoi na hábhair seo do aoisgrúpaí cuí.
Ba chóir daoine ón taobh amuigh a thabhairt isteach chun na scoile (banaltra,garda, oibritheoir sóisialta, cuiditheoir ón Roinn Oideachais/ Sláinte) nuair is féidir chun cur leis an obair a déantar sa rang.

***1. Education concerning substance abuse***

*It is accepted amongst educationalists that education about alcohol, tobacco and drugs is best carried out by teachers through the inclusion of S.P.H.E. in the curriculum. We believe the "Walk Tall" programme to be vital in teaching this material in an age appropriate way.*
*Outside visitors (nurse, garda, social worker Dept of Ed./Health facilitator) should be invited to enhance the work being done in class.*

**Riaradh Leighis**
**Polasaí Scoile**

**(1)** Ní dhéanann Múinteoir leigheas a riaradh ach amháin i gcás eisceachtúil.

**(2)** Má tá cás eisceachtúil i gceist m.sh. diabaetas srl, beidh ar na tuismitheoirí scríobh go dtí an Bord Bainistíochta ag iarraidh go mbeadh duine ar an bhfoireann sásta leigheas a riaradh/ feighlíocht a dhéanamh ar an bpáiste ag glacadh a chuid leighis féin/ teacht iad féin chun an leigheas a dhaileadh ar a pháiste féin.

**(3)** I ndiaidh an cás a phlé, is féidir leis an mBord udarás a thabhairt do bhall fóirne an leigheas a thabhairt/ feighlíocht a dhéanamh ar an bpáiste ag glacadh a chuid leighis féin/ cead a thabhairt do thuismitheoir teacht chun an leigheas a riaradh iad féin.

**(5)** Ní féidir le ball fóirne ar bith leigheas a thabhairt gan údarás sainiúil an Bhoird.

**(6)** Nuair atá leigheas á thabhairt ag ball fóirne, ba chóir é a thabhairt leis an aire céanna is a thabharfadh tuismitheoir dá bpáiste féin.

**(7)** Cuirfidh an Bord in iúil do chomhlacht árachais na scoile go bhfuil leigheas á dtabhairt do pháiste go fad téarmach.

**(8)** Lorgóidh an Bord Bainistíochta foirm indeimnithe ó thuismitheoirí an pháiste chun freagracht a ghlacadh má bhíonn deacrachtaí ann.

**(9)** I gcás go bhfuil diabeitís ar pháiste, is gá na treoracha thuas a leanúint. Cuireann tuismitheoirí an pháiste aon bhia/deoch ar fail. Caithfidh an múinteoir ranga a rá leis na tuismitheoirí má tá athrú sa lá scoile ar nós turas scoile nó ag fágáil suíomh na scoile ar chúis éigin.

**(9)** *Parents of pupils who are Diabetic are asked to follow the same procedure. The parents are responsible for supplying any food/drink required. The teacher must inform the parents of changes in daily routine necessitating leaving the school.*

Déanfaidh an scoil gach iarracht freagra pleanáilte mheasta a thabhairt ar aon eachtraí a bhaineann le alcól, tobac agus drugaí. I gcásanna áitithe seans go mbeidh ar an scoil comhairle dleathach a lorg.
Tabharfar go leor machnamh do scéal sula socrófar ar an saghas freagra atá le tabhairt air, i.e. tréadach nó smachtúil. D'fhéadfaí moladh don dalta dul chuig Gníomhaireacht Tacaíochta mar chuid de fhreagra tréadach a bheadh oiriúnach d'eachtra ag baint le alcól, tobac nó drugaí. Is é díbirt ón scoil an smachtbhanna deireanach agus ní déanfar é seo ach amháin mar dídean deiridh mar is féidir le díbirt dalta a scaradh ón gcabhair atá uaidh/uaithi agus iad a bhrú níos doimhne i mí-úsáid drugaí. Ma tá fadhb ag ball fóirne agus go bhfuil tacaíocht uathu, d'fhéadfadh an scoil smaoineamh ar nasc a dhéanamh le Scéim Cúnaimh d'fhostaithe.

*The school will endeavour to respond to incidents involving alcohol, tobacco and drug use in a planned and considered way. In certain cases it may be necessary to seek legal advice. Due care will be taken in deciding on the nature of the response i.e. pastoral or disciplinary. An appropriate pastoral response to an incident involving alcohol, tobacco or drug use may include referral to a support agency. Expulsion is the ultimate sanction and it is stressed that this measure is only used as a last resort as it can have the effect of alienating a student from mainstream sources of help and may result in this student becoming more involved in the culture of drugs abuse. Where a member of staff requires support, the school may consider facilitating links with an Employee Assistance Scheme.*

Déanfaidh an Polasaí scoile gach iarracht míniú do mhúinteoirí faoi cheist rúndachta agus cur chuige tuairiscí cuí a chur ar fáil. Inseofar eachtraí do thuismitheoirí/ caomhnóirí agus don Bord Sláinte agus do na Gardaí freisin más gá.

*The school policy will seek to inform teachers about issues relating to confidentiality and appropriate reporting procedures. Parents and/or Guardians will be informed of the incident and, where deemed necessary, the Health Board and Gardaí also.*

Ról an Mhúinteora

Ta an múinteoir i ról réiteoir sa thimpeallacht foghlama gníomhach. Ar dtús beidh pleanáil i gceist ag cur le chéile struchtúir a chothóidh foghlam gníomhach tríd bun rialacha a shocrú do amanta plé/ diaspóireachtaí.
- ☺ Éist nuair a bhíonn duine eile ag caint
- ☺ Níl cead magadh faoi daoine eile /iad a "chuir síos"
- ☺ Níl cead duine a ainmniú i mbealach diúltach

*The Teacher's Role*

*The role of the teacher in the active learning environment is that of a facilitator. This may initially involve planning and setting up of structures for an active learning approach by initiating ground rules for discussions/ debates.*
- ☺ *Listen when someone else is talking*
- ☺ *Put-downs are not allowed*
- ☺ *No one is named in a negative way*

Tá an bealach a thugtar faoin obair chomh tábhachtach leis an obair a dhéantar. Na rudaí le coimeád chun cinn ná- muinín a chothú, meas dearfach a chothú do chách, gaolta maith a chothú agus a choimeád idir múinteoirí agus daltaí, agus i measc na daltaí iad féin, aidhmeanna agus cuspóirí foghlama soiléir a bheith againn. Musclaíonn an múinteoir (mar Réiteoir) na páistí chun tuairimí a nochtadh, ceisteanna a chur, agus nuair a bhíonn sé oiriúnach, freagracht a thabhairt do na grúpaí teacht suas le freagraí agus toradh. Tá an-luach le fáil as plé a dhéanamh i rith nó tar éis gníomhaíochtaí mar gur féidir leis cur le tuiscint agus mar sin cur le foghlam gach éinne. Is ceannródaí an múinteoir agus úsaideann sé/sí an próiséis chun daltaí a threorú chun meas a bheith acu ar cad é an rud ceart agus an luach atá leis sin.

*How it is done is as important as what is done. Important considerations are the building of trust, respect and positive regard for all, developing and maintaining good relationships between teacher and pupils, and among the pupils themselves, and having clear goals, expectations and learning objectives. The teacher as facilitator encourages children to share ideas and opinions, ask questions, and, as appropriate, devolve responsibility to the group for answers and outcomes. The value of discussion during or after an activity should not be underestimated as it can deepen understanding leading to better learning for all. However the teacher is also a leader and the entire process is one of leading children towards valuing what is good.*
